

**Can I register for programs right now?**

Yes, you can register through our First Tee website by clicking [HERE](#). If a class is open you will be able to add it to your shopping cart and complete registration.

**What are you doing to ensure the kids safety?**

- Class sizes will be smaller than before with a maximum of 8 kids and 2 coaches, Target classes for 5 & 6-year-olds will be a maximum of 4 kids.
- We will be practicing social distancing according to guidelines of 6 feet or more throughout class
- Temperatures will be taken with a touchless thermometer at drop off (staff and coach temperatures will be taken as well)
- First Tee office will remain closed and check-in will take place outside. [Click Here](#) for new procedures at Sagamore driving range.
- Sanitization and disinfection practices will be increased
- There will be no sharing of golf equipment or common items (Balls, tees, ball markers, etc.)
- Any item touched accidentally will be removed for later disinfection
- Facemasks must be worn by all during check-in, transitioning from one station to another and at pickup. Masks may be able to be removed or lowered, but will be at the coach's discretion.
- Hand sanitizer will be available

**Are the kids required to wear facemasks?**

Yes, facemasks must be worn during check-in, transitioning from one station to another and at pickup. We can provide our participants with a washable and reusable face mask; See Below to view the type of facemask it will be. NOTE: We are not making any medical claims with regard to this type of face mask. Of course, if your participant has a mask of their own, they would like to wear, that is perfectly acceptable. The wearing of face masks and requirements are subject to change and based on state recommendations.

**What can I, as a parent/guardian, do to get ready for class?**

- Have a talk with your kids at home about the importance of maintaining distance even from their best friends. While we all miss people we care about dearly, at this time we all have a Responsibility to do our part and be safe.
- Take your participant's temperature prior to leaving the house. We will take temperatures at drop off as well. All temperatures taken that are **100.4°F** and higher will be turned away for the safety of all involved.
- If your participant or anyone within the household is under the weather please refrain from coming to class. We can either move your participant to another class or offer you a refund.

- **Make sure your participant has appropriate size clubs. As a reference the driver of the set should come up to the sternum.**

#### **What if we need to borrow clubs?**

You will need to provide us with your participant's exact height (in inches) prior to the start of class and we will have at least 2 options waiting for them on the first day of class. At the end of each class we will put the borrowed clubs aside for class the following day.

#### **Will the First Tee office be open?**

The First Tee office will remain closed to the public for the time being for the health and safety of staff and coaches. We highly recommend using the rest room at your home before class.

#### **What about inclement weather? If it rains/storms will there be class?**

Due to the lack of ability to utilize indoor classroom space we may postpone a class if there is torrential rain or storms. That call will be made 1 to 1 ½ hours prior to the start of class.

#### **If we registered for a class, but we are not quite comfortable being around others, what are our options?**

We completely understand there will be different comfort levels. So, if you are not quite ready to be around others and want to wait that is fine. We can move your participant to another class or simply offer you a refund.

#### **Can I come and watch the class from a distance?**

While you are welcome to watch from a distance, we have found participants become very distracted when they can see their parents/guardians watching. As a favor to your participant and coaches you are welcome to observe discretely if you feel you must.

#### **Can we bring water or a snack?**

You may bring your own filled water bottle. At this time, are not allowed to supply participants with water. Also, highly discourage

Xact **Xpressions**, Inc.
